

## Cultural And Language Camp in Latvia

In May 2024, we had the pleasure of participating in a camp in Latvia. Ten students attended the camp, accompanied by two teachers, Mrs. Georgia Ioannou the program coordinator and Mr. George Zarvos.

The camp was in a beautiful location, two hours from the capital, Riga. The teachers from Latvia organized the students and teachers into groups, and the accommodation was comfortable and pleasant.

After breakfast, the children attended lessons in English, French, German, and Spanish. In the afternoon, they participated in sports classes with sport teachers from Poland, Spain, and France. The general coordinator, Mr Lash Mechkook, divided the children into groups to manage the organization of daily activities. Every morning, the day's schedule was posted on WhatsApp. By Mr. Mechkook.

Every evening, we had the pleasure of watching the students' presentations of their countries, with traditional dishes, dances and music.

During the camp, we had three excursions. We went to the sea near the camp area, where the children played, had fun, and collected shells and stones from the beach to write messages on and give to their friends. We visited the Latvian school, where we had the chance to attend a pleasant celebration with presentations and traditional dances. We were given a tour of the school, and later we visited a botanical garden. Finally, we had the opportunity to go to Riga, the capital, to see and admire its sights.
